

Hello Community,

we have just launched an [Accessory-Shop](#) right here on andnav.org.

Through this shop, you support andnav.org with 5,5% of what you buy. No extra charge for you!

The following items, which will improve your navigation-experience, are available:

- Car-Holders
- Car-Chargers
- Memory-Cards

Unfortunately my permanent-residence is in 

Germany and therefore in need to figure out how to create a shop for foreign countries, like the  U.S. .

Best Regards,
Nicolas
