Hello Community,

today I want to introduce you to the Directory-Search. Pascal built up a awesome search on the Points-Of-Interest(POI) of the OpenStreetMap-Project. See yourself, how to use it. (I hope the animation is not to fast 😊)

In this example I was searching the '*University*' category:

What follows is a list of the currently available groups to be searched (more to come):

Amenity

- ATM
- Bank
- Bureau de Change
- Biergarten
- Bus Station
- Cafe
- Cinema
- College
- Courthouse
- Fast Food
- Gas Station (Fuel)
- Hospital
- Library
- Nightclub
- Parking
- Pharmacy
- Place of Worship
