

# Hello Community,

today we would like to announce some new countries that AndNav2 now supports. 🇺🇸

*Making it quick:* We managed to cover whole Europe!

Being specific, the following countries were added:

etc...

For all currently covered countries see: <http://coverage.andnav.org/>

To Download the latest update visit: <http://update.andnav.org/>

## Routing for Portugal, Poland, Belgium and more...

---

Feel free to donate 🍷

Best Regards,  
Nicolas & Pascal

**Fyi:** We had to take out California in this version, sorry.

**But** you can get the [old california version here](#) . (should work until the beginning of Thursday 12th, then we'll have a downtime for about 2-4 days)
