Hello Community,

We are currently considering making AndNav2 (also AndNav1) free. Yes, FREE!

But as the servers won't stop costing money we decided to give a try to do on-device-advertising. That means each of your routings will be sponsored by someone.

Let me give you all some quick facts on advertising in AndNav2:

- Adspace is: **250x60** pixels (*width x height*)
- **100%** user-focus
- **No** banner blindness
