Hello Community,

after all the holiday/vacation laziness I/we are getting back to speed:

- andnav.org is now multilingual!
 - We are starting with German as the second language.
 - Compare: 
- vs. 

- Donation-Progress updated
- Thanks to slideme.org our new/first sponsor 
- We are almost the half done 
- (Sorry for the delay in updating the thermometer)

- Added 250 new UK Postcodes!
- Removed Forum-Spam
- Added advanced Captcha

So much for now. Less talking - More Features 

Best Regards,
Nicolas
